

AMS IV 1st Annual College Fair

April 27, 2018

What you should be thinking about before the fair

- What are my post secondary options?
- What type of grades
- What are my future career goals?
- What are my strengths? What are my weaknesses?
- What size school do you want to attend? Small(2500 students or less), medium(5,000-10,000 students), or large(over 10,000)
- Do you want to attend a two or four year school? Public or private?
- What is my family's budget?

***Be open-minded and visit a variety of schools.**

***Collect business cards or contact information for the schools that are "best fit" for you.**

During the fair

- What is unique about their school?
- What qualities are they looking for in a prospective student?
- Do they accept Advanced Placement courses or transferred credits?
- What are the admission requirements?
- Are there separate deadlines for admission and scholarship applications?
- What scholarships do they offer for incoming freshmen? What is the application deadline?
- If you are undecided, ask what services and supports are available to help students explore various majors?
- How would they describe academic pressure and workload?
- What are some notable and interesting traditions that take place on campus?

Post/Reflection Questions

- What new information about college/post secondary paths have you obtained and how will this information assist you in making decisions?
- What plans or course of actions have you begun to take part in to ensure your post secondary path is solidify your options?
