Introduction

New Visions Charter High School for Advanced Math and Science, 84X539 (AMS) takes every precaution to ensure the safety of its students and staff. AMS considers emergencies and violent incidents very serious occurrences and treats these events expeditiously. The AMS School Safety Plan is designed to address the needs of its students, the school, the campus and its urban location and is aligned to the safety procedures outlined in the John F. Kennedy Campus Safety Plan (ATTACHMENT A)

Our goals in creating and implementing our AMS School Safety Plan are:

● to create a safe atmosphere and complementary set of practices that prevent violence or unsafe conditions,
● to create/implement a plan that will minimize the effects of serious violent incidents and emergencies,
● to have the capacity to implement an effective response plan for all predictable safety concern situations, and
● to produce a document that can be used as the basis for informing and training all school constituencies in regard to keeping our school safe.
Building Information

AMS is located at the JFK Campus (X475) on 99 Terrace View Ave, Bronx NY 10463. AMS shares space with:

SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

Purpose

The AMS School Safety Plan was developed pursuant to Education Law §2801-a and 8 NYCRR §155.17. As charter schools are also school districts (LEAs) in and of themselves, the AMS District-wide Safety Plan and the Building-level Emergency Response Plan is one in the same document (all required elements for both plans are included in this single document).

The Charter School Safety Plan addresses a broad range of major emergencies. The objectives of the plan are to:

- Protect the safety and welfare of students, employees and staff;
- Provide for a safe and coordinated response to emergencies;
- Protect the School’s facilities and properties; and
- Enable the School to restore normal conditions with minimal confusion in the shortest time possible.

Identification of AMS School Safety Team

The AMS School Safety Team, charged with developing and ensuring the effective implementation of the AMS School Safety (SAVE) Plan is:

- Robert Hiller, Principal
- Anton Pena, Director of School Operations
- Tina Wagenaar, Assistant Principal
- Nikisha Pace, Assistant Principal

See ATTACHMENT B for full contact information of the AMS School Safety Team.

In addition to the AMS Schools Safety Team, each of the schools on the campus has a Chain of Command and an Emergency Response Team of their own.

See the following pages in Section 5 of ATTACHMENT A for the Chain of Command of each of the schools on the campus:

- P. 42 New Visions Charter High School for Advanced Math and Science (84X553)
- P. 18 Bronx Engineering and Technology Academy (10X213),
- P. 36 Bronx Theatre High School (10X546),

- P. 44 New Visions Charter High School for Humanities (84X553).
See Section 12, pp. 116-117 of ATTACHMENT A for information on Committee Members and Meetings for the Campus Level School Safety Team.

See Section 10, p. 78 of ATTACHMENT A for the make-up of the Campus Level Emergency Response Team.

**Concept of Operations**

The Director of School Operations (DSO), or designee, should adhere to the following protocol in the event of protective action:

- Take control once informed of emergency situation;
- Gather information and make appropriate decisions;
- Order evacuation if necessary;
- Contact appropriate law enforcement authorities as necessary;
- Turn control of emergency situations over to law enforcement as required;
- Test the emergency response procedures on an annual basis; and,
- Meet with local government official to seek advice and assistance in the analysis of effectiveness and revision process of the AMS Safety Plan from year to year.

In the event an emergency occurs at AMS, the DSO will gather the AMS School Safety Team to formulate an appropriate plan of action following the procedures outlined in this document for confronting and rectifying specific emergency situations. The DSO is recognized as the person-in-charge.

The AMS School Safety Team will gather information, and coordinate the response effort and communicate with students, staff and community. Staff members who are not members of the Chain of Command and/or the School Safety Team will supervise students. As necessary, the AMS Board of Trustees and/or local emergency officials, NYSED Charter School Officer will also be notified.

The DSO may declare a school emergency and implement a plan of action to address an emergency situation. In the event of an AMS school specific incident, the AMS Main Office, Room 254 will become the Command Center and the Chain of Command shall report directly to the Command Center. The DSO shall remain in charge until local law enforcement of emergency response personnel are on the scene and take command of the situation.

If a crime has been committed, the AMS DSO is responsible for crime scene security until relieved by law enforcement officials. No items shall be moved, cleaned or altered without prior approval from the appropriate law enforcement agency. However, said security should in no way preclude the rescue and aide of injured persons.

Depending on the magnitude of the emergency, existing borough, city and state resources may be called upon for assistance using existing protocols.

All communication is to be coordinated with the DSO via the school’s main number (718) 817-7683. Should that number not be in service, the DSO’s cell phone number (646) 656-1669 will be used.
After relinquishing command, the DSO, or designee, may be asked to serve in a support role as part of a Unified Incident Command, if established, by the local emergency response agency.

**Plan Development, Review and Public Comment**

The AMS Principal appoints a Building-level School Safety Team and charges it with the development of the AMS School Safety Plan following District-wide Safety Plan guidelines distributed by NYSED, and in consultation with existing schools with high quality School Safety Plans. The plan is developed through a series of meetings attended by representatives of our various constituencies: Administration, Faculty, Operations Staff, Teachers, Students, and Parents. The AMS School Safety Team ensures the implementation and proper execution of the Charter School Safety Plan.

The Final Plan must be formally adopted by the Board of Trustees. Pursuant to Commissioner’s Regulation, Section 155.17(e)(3), Final School Safety Plans will be made available for public comment at least 30 days prior to its adoption. The plan may be adopted by the Board of Trustees only after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. To ensure student safety, the plan will be considered ‘in effect’ until such time as a full public review can be conducted and the Final Plan approved by the Board. The Board of Trustees must submit complete copies of the AMS School Safety Plan and any amendments to the NYSED within thirty (30) days of their adoption. A copy of the AMS School Safety Plan and any amendments thereto must also be filed with the appropriate local law enforcement agency and state police within thirty (30) days of its adoption.

The AMS School Safety Plan should be reviewed periodically with staff and students throughout the year and must be maintained current by the AMS School Safety Team. The AMS School Safety Plan is an iterative, living document that will be reviewed, modified and formally updated to comply with current best practices in school safety annually. The required annual review must be completed on or before July 1 of each year after its adoption by the Board of Trustees.

A complete copy of the AMS School Safety Plan will be located in the AMS Main Office, Room 254. It will remain confidential per Article 6 of the Public Officers Law.
SECTION II: RISK REDUCTION/PREVENTION AND INTERVENTION

Prevention/Intervention Strategies

All students are encouraged to approach any staff whenever they are concerned about their safety, especially if it involves violence or an emergency situation.

School Safety Personnel

A security agent is posted at the main entrance of AMS. The security agent for the school can be reached at (718) 817-1400 4th Floor Desk.

In addition, the Principal, DSO and other staff members are a constant presence in AMS hallways and stairwells.

It is the duty of the School Safety Agent Level III and School Safety Agent(s) to work in conjunction with the administrations of all schools on the John F. Kennedy Campus. The agents are required to report any untoward incidents to the School Safety Division Operations Center (718) 730-8800.

In emergencies, the School Safety Agent Level III has the authority to alter assignments as the needs of the building change. In the absence of the School Safety Agent Level III, the second-in-command, i.e. the assigned School Safety Agent will assume this responsibility.

All agents have the following duties and responsibilities:

- To remain at their assigned posts until relieved by authorized personnel or instructed by a SSA Level III and/or school administrator to respond to an immediate security situation;
- To report untoward incidents to all the SSA Level III;
- To escort all intruders to the SSA Level III and/or appropriate school administrator;
- To conduct themselves in a professional and courteous manner at all times;
- To call or radio appropriate reports in a timely manner;
- To prohibit students from remaining at their posts for extended conversations;
- To refer all students and/or intruders picked up for infractions will be referred to the proper school’s administration; and
- To call for backup and/or assistance when necessary.

The campus has a CCTV/Video Surveillance System in place which has 96 cameras installed which are in good, working order. There are 5 video monitors installed throughout the campus which are also all in good, working order. The areas under surveillance are Building Exterior/Grounds, the Cafeteria, Building Entrances/Exits and hallways; note, however, that there are no camera’s on the second floor – the primary location of AMS classrooms. NYPD (SSA) staff is responsible for overseeing the daily operation of the surveillance system.
Visitor Control Procedures

The front door of the school is located at 99 Terrace View Avenue, Bronx NY 10463. Upon entering the school building, all visitors must proceed directly to the security agent’s desk. The visitor must present valid identification and sign the Visitor Log. The security agent will then call AMS’s Main Office (Room 254) to obtain permission for the visitor to go directly to the 2nd Floor. All school visitors are required to wear a school nametag/pass while in the school.

If a visitor fails to provide proper identification or refuses to sign in, the security agent must call the AMS Main Office for explicit permission to allow the visitor access; they may deny entry. In the event that a visitor is observed on the wrong floor or without a Visitor Pass, the visitor must be addressed and may be escorted out of the building.

Training, Drills and Exercises

The School conducts the mandated safety (fire and intruder alert) drills within the first two months of school, concluding drills by October 31. AMS schedules the dates and times of drills with co-located schools; these drills are conducted in coordination with local emergency response and preparedness officials. Each drill is followed by a meeting of the AMS School Safety Team to assess necessary improvements and/or alterations.

AMS believes that it is critical for staff and faculty to be able to detect potentially violent behaviors early; consequently, teachers and staff receive professional development training to aid in the identification of any behavior or emotional issues students may face. Regularly scheduled meetings with teachers provide ample room for staff discussion of any issues as they arise.

The Principal and DSO work collaboratively with AMS parents to maintain a violence-free community.

In conjunction with the inception of the AMS School Safety Plan, AMS DSO, with the assistance of the Custodial Engineer, School Safety Agent and local emergency officials, identifies sites of potential emergency situations annually; they work to identify both internal and external hazards that may warrant protective actions, such as maintenance, warnings, removal, evacuation planning, etc.

School Safety Team identified the following potential emergency sites and situations:

Additional

Every AMS staff member is fingerprinted following their hiring. In addition, every staff member must authorize and participate in a formal background check.

AMS reviews the detail of the AMS School Safety Plans with all faculty and staff prior to school opening each year, ensuring all members of the community are clear on their roles and responsibilities as well as the logistics of the plan.

Plans are produced to ensure safe egress from the building Evacuation aligned with JFK Campus-wide procedures outlined in the John F. Kennedy School Safety Plan, ATTACHMENT A, SECTION 7, PP. 49-72. Specific plans for the following (multi-hazard) situations will be developed as well:

- Fires (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, P. 97)
● Intruders in Building (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 1, P. 6)
● Bomb scares (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, P. 91)
● Hazmat situations (hazardous materials) (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, P. 100)
● Building Collapse/Explosion (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, P. 95)
● Shootings (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, P. 89)
● Hostage Situations (aligned with JFK Campus-wide School Safety Plan, ATTACHMENT A, SECTION 10, PP 89-90)

Annually, the School meets with law enforcement officials to review and maintain the AMS Safety Plan. During the annual meeting with local law enforcement officials, the DSO will distribute floor plans and evacuation maps. The maps reflect any changes to the interior and exterior of the school building (e.g., change of room numbers, new fire doors, etc.) and surface changes to the surrounding properties and roadways.

AMS reviews the AED Site Response Plan with all employees as part of the annual review of the AMS School Safety plan. A complete copy is stored in the Main Office. In addition, New Visions Charter High School for Advanced Math and science conducts regular, unannounced drills to practice AED training.

**Vital Education Agency Information**

An updated School Staff contact list (with cell phone numbers) will be maintained by the DSO and placed within the School Emergency/Safety Binder. This binder will also contain: a list of all local emergency contact names and numbers (police, fire, hospital, Board Members, local officials), Emergency Contact Information for all school staff, and a sheet with the demographics of the school (number of students, number of staff, organization chart for the school). Next to that binder will be a ‘Student Emergency Contact Binder’ with Emergency Contact sheets for each student.
SECTION III: RESPONSE

Notification and Activation (External and Internal Communication)

In the event of an emergency, either the Principal or the DSO will notify local law enforcement officials via 911, including, but not limited to:

NEW YORK CITY FIRE DEPARTMENT (FDNY) ENGINE COMPANY 52
4550 Henry Hudson Parkway
Bronx, NY
Telephone:

NYPD PRECINCT 46 PBBX
2120 Ryer Avenue
Bronx, NY
Telephone (718) 220-5202

Any adult in the school building could and should call 911 in the event that a person needs immediate medical attention or his/her condition appears life threatening.

A list of local law enforcement officials and contact information will be maintained in the School “Emergency/Safety’ Binder in the Main Office. The DSO will also have a soft copy of this document on file, and a hard copy in their office.

In the event of disaster or violent act, the Principal or DSO will ensure that all staff is notified personally if immediate communication is required (by walking from classroom to classroom or using the loudspeaker system, if appropriate), or by conducting an emergency staff meeting at the earliest convenient time if the situation does not require immediate communication. The DSO will also notify the Board of Trustees by phone as soon as all critical details have been handled at the site.

AMS will notify parents of a violent incident or early dismissal through use of the School Messenger system, e-mail and/or letter home. Parent contact information including a school-wide email group and the School Messenger System will be regularly updated with current family/parent/guardian contact information.

Note: AMS Families are instructed in the Family/Student Handbook as to where to find update information and contact numbers for the school in the event of any emergency situation.
SITUATIONAL RESPONSES: Early Dismissal

During an emergency, students may be dismissed from school early to ensure safe departure from the school building and travel to their homes. The DSO will coordinate the departure of all students, faculty and staff and ensure that all parents are notified. An early dismissal will only be utilized as a response to an emergency if it is confirmed that all students can return home safely.

SITUATIONAL RESPONSES: School Closing

School is closed or delayed in opening only when severe weather or other emergency prevents the safe opening of the school building. Because AMS is co-located in a Department of Education building, it will follow the DOE’s school closing policy.

Depending on the severity of the emergency situation, AMS may be closed for a designated period of time to ensure the learning environment is safe. Parents and students will be notified of school closings via local media outlets. Specific stations are identified in the AMS Family Handbook.

Note: All field trips are cancelled if there is a delayed school opening.

SITUATIONAL RESPONSES: Evacuation Procedures and Evacuation Routes

In the event of fire, toxic threats, explosions, acts of violence, natural disasters or law enforcement mandate, an evacuation of the school building may be the proper response. Posters designating emergency route for stairwells and exits are posted near the doorway of every classroom and bathroom.

The DSO will notify local emergency response teams and law enforcement officials of the emergency. During the evacuation, the AMS DSO will communicate, via cellular telephone and/or two-way radio, with school safety agents.

Teachers must carry their class rosters in the event of an evacuation. In addition, teachers must count their students twice, first before leaving the building and then upon reaching the designated safe area. Teachers must notify the DSO immediately if a student is missing.

In the event that students and staff must evacuate to an alternative site, students and staff go to:

InTech Academy (M.S. / High School 368)
2975 Tibbett Avenue
Bronx, NY 10463
(718) 432-4300

No one is permitted to re-enter the school building until the DSO announces that it is safe to reenter.

SITUATIONAL RESPONSES: Internal Shelter (On School Premises)
Under some circumstances, emergency responders conclude that it is safer to have students remain in the school building to have students sheltered in school beyond the normal school hours than to travel home. This process is called "sheltering-in".

The determination that staff and students should remain inside during a disaster is made by local law enforcement / public safety officials. Once that decision has been made, the DSO provides clear instructions as to where students should go within the school building. Teachers are responsible for their assigned classes and are accountable for all students under their supervision for the time period that the emergency responders determined to be safe.

No staff or faculty member is permitted to leave the site until the emergency is resolved.

**SITUATIONAL RESPONSES:**  External Shelter (Off School Premises)

During an emergency situation in which it is safer to have students leave school grounds, students are sheltered at an external site. The DSO provides clear instructions as to where students should go upon exiting school property. Teachers are responsible for their assigned classes and are accountable for all students under their supervision.

Evacuation locations provide shelter to students and staff and allow for easy communication with Safety Administrators and other external supports. In the event that the DSO is not available, the Assistant Principal is responsible for all students and staff at the evacuation site.

Refer to **ATTACHMENT A, SECTION 7, PP. 49-51 – JOHN F.KENNEDY HS Safety Plan** – for specific locations.

The primary and secondary evacuation sites are in close proximity to the main school site. In an emergency that affects the school's entire neighborhood or a larger area, the primary and secondary location may be rendered unusable; in such cases, the third, "out of area" location will be used.
RESPONSE TO ACTS OF VIOLENCE: IMPLIED OR DIRECT THREATS

The Principal and/or the DSO should be notified immediately of all implied or direct threats. They will investigate, and assess the credibility and level of threat. If the threat is deemed credible, the DSO contacts local law enforcement officials and monitors the situation closely until the threat passes or local law enforcement officials take control.

The School will follow the additional steps outlined below:

- Any injured party is taken care of
- The immediate area of the act will be isolated and/or evacuated
  - any students in the hallway should immediately be taken to nearest classroom by school personnel;
  - all teachers should immediately lock their classroom doors and not issue any passes;
- Contact parents and the community
  - The Principal, in consultation with the senior Admin Team, will decide if and when parents need to be informed, and will do the informing.
  - The Principal, in consultation with the Board, will determine if and when the media needs to be informed, and will do the informing.
- If necessary
  - Lockdown procedures will be activated
  - Early dismissal procedures will be initiated
  - Shelter or evacuation procedures will be initiated
- The School Safety Team will convene within 48 hours of an event to conduct a Situation Debrief/Post Mortem. The Debrief process will include soliciting input from other school constituencies as follows: Principal asks for feedback from faculty and students (as appropriate the Business Manager asks for feedback from other school constituencies (staff, security staff, etc.). The results of this Debrief will inform future plan updates.

RESPONSE TO ACTS OF VIOLENCE: INTRUDER IN THE BUILDING

If an intruder is discovered in the building, a coded PA system ALERT will be used (coded PA system message available to school staff and safety agents ONLY). In response to this announcement:

- The DSO, in consultation with School Safety Agents, coordinates a building sweep to locate the intruder
- The DSO calls 911 and provides:
  - name and telephone number
  - address of the building
  - description of the situation and any weapons involved
  - location of the intruder, if known
  - entrance for first responders to use, and,
- The DSO contacts Director of Operations at NVCHS office (212) 645-5110

When the intruder is found and/or the situation is determined to be stable:
The DSO issues an ALL CLEAR message over the PA system.
- The ALL CLEAR coded PA message is available to school staff and safety agents ONLY
- In the event that the Building PA system is inoperative the DSO will issue the ALL CLEAR message via Walkie-talkies.

Afterwards, the DSO obtains written statements from all witnesses ONLY if approval has been given by the NYPD Incident Commander.

RESPONSE TO ACTS OF VIOLENCE: BOMB THREATS
If you observe a suspicious package, do not touch it.

All Bomb Threats

- **DO NOT USE RADIO OR CELL PHONES;** such devices MAY cause a bomb to detonate.

- Evacuations:
  - If evacuation is necessary follow evacuation procedures as shown in Section 7 of the John F. Kennedy Safety Plan Emergency Assignments, Egresses, and Evacuation Locations and assist as necessary.
  - If evacuation is not necessary, assist first responders with a search of the building, if requested. No one is to re-enter the building/affected area without authorization from appropriate agency.
  - If building cannot be re-entered, parents/guardians need to be called and advised of the situation; staff should remain at the evacuated school to direct the parents/guardians to the Evacuation Location for pickup.
