Good to Go
College & Career Ready
Trying to figure out what you want to do with your life? What careers interest you?

Your guidance counselor can help.

Don't know what classes you should be taking? Your guidance counselor does.

Don't think you can afford college? Your guidance counselor has information on scholarships, loans and financial aid.

Questions about Regents? The SAT? The FAFSA? Application deadlines?Fee waivers? The pros and cons of early admission?

Your guidance counselor has the answers to those, too.

With so many things to keep track of, guidance counselors are busy people. But just because they don’t ask you for a meeting doesn’t mean they don’t want to help. Don’t wait for the guidance counselor to come to you! Schedule an appointment today. Your counselor will help you get good to go.
