

## School Conditions and Practices

### The Framework for Great Schools

Research shows that the six areas of school conditions and practices in the Framework for Great Schools drive improved student learning. ([Learn More](#))

#### NOTES ON RATINGS

- The **Supportive Environment** rating is N/A for all schools because we do not yet have 2017-18 results for chronic absenteeism and movement of students with disabilities to less restrictive environments.
- For schools with **pending 2017-18 Quality Review Reports** (not finalized by May 17, 2018), the Framework element ratings for all elements except Trust are N/A because the finalized Quality Review results are needed to calculate those ratings.
- Although these sections are unrated at this time, the survey results related to these elements are available within the sections.
- These ratings will be included in the Fall 2018 release of the School Quality Reports.
